About Mountain Tap Brewery

Mountain Tap Brewery features a dozen handcrafted ales and lagers made on-site, served alongside wood-fired cuisine. The ambience is family-friendly, rustic and casual, with an open floor plan and clear views of the brewhouse and the wood-fired oven. A biergarten graces the outdoor plaza in the summertime. The brewpub is open for lunch and dinner on Fridays and Saturdays and dinner only on other days. Craft beers on tap range in color and style from a light pilsner to the darkest stout. Neapolitan-style wood-fired pizzas, small plates and salads feature fresh local ingredients. Occupying three bays of the former Yampa Valley Electric Association building on Yampa Street, MTB opened to the public in July of 2016.
