### ***About Mountain Tap Brewery***

Mountain Tap Brewery features a dozen handcrafted ales and lagers made on-site, served alongside wood-fired cuisine. The ambience is family-friendly, rustic and casual, with long wooden tables, an open floor plan and clear views of the brewhouse and the wood-fired oven. A biergarten graces the outdoor plaza in the summertime. The brewpub is open for lunch and dinner on weekends, and dinner only on weeknights. Craft beers on tap range in color and style from a light pilsner to the darkest stout. Neapolitan-style wood-fired pizzas, appetizers and salads feature fresh local ingredients. Occupying three bays of the former Yampa Valley Electric Association building on Yampa Street, it has been open since July 2016. 10/2022
