COLORADO CUTTY PALE ALE

One Quart, 32 Fluid Ounces

Mountain Tap Brewery crafts some of the tastiest beer this side of the Divide... and you've got yourself a resealable Crowler of it fresh from the tap—with every pour helping support the waters and native fish that make the Yampa Valley special.

This limited-release crowler celebrates the extensive conservation efforts of many over the years to protect the population of Colorado River Cutthroat Trout in Burgess Creek, right here in the heart of the Yampa Valley. With Colorado River Cutthroat Trout now occupying just 14% of their historic range in the state, the conservation significance of Burgess Creek extends well beyond the local level. Cheers to native trout and wild rivers that we all love.

Once you've finished the very last drop, we cannot refill it with more craft beer, so recycle it as you would a can, or use it as a water bottle.

Please Recycle This Crowler®

GOVERNMENT WARNING: (1) According to the Surgeon General, women should not drink alcoholic beverages during pregnancy because of the risk of birth defects. (2) Consumption of alcoholic beverages impairs your ability to drive a car or operate machinery and may cause health problems.
